SOLID WASTE SECTION

July 31, 2008

Mr. Jim Huff, Director  
Madison County Solid Waste Department  
271 Craig Rudisill Road  
Marshall, North Carolina 28753

Subject: Completeness Determination for a  
Construction and Demolition Landfill (C&DLF) Units 1 & 2  
Madison County C&DLF  
Permit No. 58-03, Madison County, Document ID Number (DIN) 5409

Dear Mr. Huff:

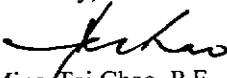

On June 30, 2008 and July 1, 2008 the Division of Waste Management (Division) received your permit application for continued operation for the above-referenced C&DLF Unit 2 and the Closure and Post-Closure Plan for the C&DLF Unit 1, respectively. The reports are entitled:

- *Closure and Post-Closure Plan Madison County Landfill C&DLF Unit 2, Madison County, NC.* Prepared by McGill Associates, Asheville, North Carolina. Prepared for Madison County. Dated June, 2008. DIN 5029.
- *Closure and Post-Closure Plan Madison County Landfill C&DLF Unit 1, Madison County, NC.* Prepared by McGill Associates, Asheville, North Carolina. Prepared for Madison County. Dated June, 2008. DIN 5067.

The Division has performed a review of each of the two documents for a determination of completeness. Your application has been determined to be complete within the context of N.C.G.S. 130A-295.8(e). A determination of completeness means that the application includes required components, but does not mean that the components provide all the information that is required for the Division to make a decision on the application. The next step is for the Division to review the submittal for compliance with the Solid Waste Management Rules (the Rules), 15A NCAC 13B .0547.

Madison County is authorized to continue operating Madison County C&DLF Unit 2 in accordance with your most recent Solid Waste Permit dated October 19, 2006, and the Rules, 15A NCAC 13B. According to the Chapter 1.3c of the Closure and Post-Closure Plan for Madison County C&DLF Unit 1, the Division acknowledged that the closure activities of Unit 1 were completed by Madison County and verified by McGill Associates on June 24, 2008. Prior to issuing a closure letter for Unit 1, a site inspection may be made by the Division to determine compliance with closure procedures. Should you have any questions regarding this matter you may contact me at (919) 508-8507.

Sincerely,

  
Ming-Tai Chao, P.E.  
Environmental Engineer II
