MECKLENBURG COUNTY
Land Use & Environmental Services Agency
Solid Waste

November 30, 2010

TO: Michael E. Scott, Branch Head, Composting and Land Application Branch
NCDENR-Division of Waste Management

FROM: Darren J. Steinhilber, Project Manager, Solid Waste Management

SUBJECT: Mecklenburg County Compost Central - Permit #60-12
5601 West Blvd.

Per our conversation on November 1, 2010, Mecklenburg County is preparing a permit application to allow the County's Compost Central facility to continue its composting operations, as the current permit for the Compost Central facility expires on May 31, 2011. We anticipate the submittal of the permit application no later than January 31, 2011. The necessary fee of \$1250 will be processed for payment once we have received an invoice from NCDENR, as we previously discussed.

If have any questions or require additional information please contact me at (704) 336-4447.
