Donna,

Per Rob Epstein, please find attached a letter outlining the proposed updates to the Operations Plan for Queen City Transfer Station. If you have any questions, please do not hesitate to contact Rob.

Thanks.

Kim Haegele

Re: Updates to Operations Plan for Queen City Transfer Station

Dear Ms. Wilson:

Thank you for forwarding the April 2006 Operations Plan for the Queen City Transfer Station. Since the new holder of the Queen City Transfer Station Permit will be Waste Connections of North Carolina, Inc., we wanted to advise you of our proposed updates to the Plan in light of the change in ownership of the Queen City Transfer Station. Our proposed updates are as follows:

1. All references to Republic Services of North Carolina, Inc. should be revised to read Waste Connections of North Carolina, Inc. ("Waste Connections").
2. Every reference to KR Drenth in the Operations Plan should also be updated to now refer to Waste Connections.
3. The first line in Section 1.1 should be revised to read: "Waste Connections of North Carolina, Inc. and Operator Waste Connections of North Carolina, Inc."
4. Section 1.2 should be revised so that the reference to the third to last line now reads: "The transfer station building occupies approximately 0.22 acres of the 10-acre parcel of property."
5. The fourth paragraph of Section 1.3 should be revised to utilize the term "trench or floor drains" in lieu of the term "trench drain." The sixth paragraph in Section

1.3 should be updated to read: "The primary contact person for issues concerning operation of the transfer station is the District Manager."

Waste Connections of North Carolina, Inc.
Mr. Timothy J. Fadul, District Manager
5516 Rozzelles Ferry Road
Charlotte, NC 28214
(704) 596-2077

- 6. The fourth line of the second paragraph in Section 3.0 should delete the reference to "KR Drenth," and should be replaced with "Waste Connections of North Carolina, Inc."
- 7. The third paragraph in Section 3.2 should be revised to delete the reference to "Republic" in the fourth line and substitute the words "Waste Connections" and substitute the language below.

"The majority of waste received by this transfer station will be transported to the Anson Landfill, located in Anson County North Carolina. Smaller amounts may be transported to the Anderson Regional Landfill, in Belton South Carolina; and the Screaming Eagle Road landfill located in Elgin, South Carolina. Alternate sites may include Republic's CMS Landfill and Union County Landfill. In the event that these destinations change, a written notification of change to another Subtitle D Landfill will be given to the proper local and state agencies."

- 8. The first line of Section 3.5 should be revised to delete the reference to "Republic" and insert in lieu thereof the reference to "Waste Connections."
- 9. The first line of Section 8.2 should delete the reference to "Republic" and insert in lieu thereof "Waste Connections."
- 10. Please update Schedule A as follows:

I. Assets

Equipment Description
Caterpillar 966G Loader or equivalent
Caterpillar 970F Loader or equivalent (back-up)
Bob Cat
Yard Dog
Pressure Washer

Please advise if you have any questions or comments. Thank you.

Very truly yours,

GALLOP, JOHNSON & NEUMAN, L.C.

Robert H. Epstein
