The draft permit reflects the request of the City of Albemarle to continue operations for the C&DLF and to operate a groundwater treatment system as the Corrective Action Plan remedy for the closed MSWLF. Impact to groundwater from the closed MSWLF requires the implementation of a corrective action plan. The draft permit contains conditions for the implementation, operation, and assessment of the action plan.

A public hearing has not been scheduled for this permit. Any person interested in a public hearing on this permit should notify the division contact in writing. If sufficient interest exists, a public hearing will be scheduled.
