Highway 55 C&DLF, Permit No. 92-30, Wake County, Document ID No. (DIN) 5217

Dear Mr. Lamontagne:

On June 30, 2008, the Division of Waste Management (the Division) received your permit application for continued of your C&DLF Phase 1. The report is entitled:

- *Phase II Construction Plan Application, Phase I Closure Plan Update, and Composting Permit.* Prepared by: BP Barber & Associates, Inc. (BPB), Charlotte, NC. Prepared for: Highway 55 C&D Landfill, LLC. June 26, 2008. DIN 5054.

The Division has performed an administrative review of your application – “*Phase I Closure Plan Update*” for a determination of completeness. Your application has been determined to be complete within the context of NCGS 130A-295.8(e). A determination of completeness means that the application includes required components, but does not mean that the components provide all the information that is required for the division to make a decision on the application. The next step is for the division to review the submittal for compliance with the Solid Waste Management Rules (the Rules), 15A NCAC 13B .0547.

Highway 55 C&D Landfill is authorized to continue operating the C&DLF Phase 1 in accordance with your most recent Solid Waste Permit and the Rules, 15A NCAC 13B.

Should you have any questions regarding this matter you may contact me at (919) 508-8507
