Re: Permit to Operate – Wake Transfer Station  
Wake County, Permit No. 92-34T, Document ID No. 16731

Dear Mr. Pepper:

Please find the enclosed Permit to Operate for the Wake Transfer Station, Permit No. 92-34T, indicating the change in landowner and operator for the facility.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans. Please review the conditions of the permit thoroughly.

Also included is a certified original of the permit. The certified original is provided for recordation with the Wake County Register of Deeds. A copy of the certified original affixed with the Register's seal and the date, book, and page numbers of the recording must be returned within 30 calendar days of issue to the Permitting Branch Supervisor as noted at the bottom of the certification statement.

If you have questions about your permit, please contact me at (919) 707-8257 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov). The Environmental Senior Specialist for the facility is Shawn McKee. She can be reached at 919-707-8284 or 919-628-7343.

Sincerely,

Patricia M. Backus, P.E.  
Environmental Engineer  
Solid Waste Section
