All reports have been submitted, so they have met their GW monitoring requirements.

Hey Ming,

FA is complete, but we have one issue holding up the CHR. Ervin found the County had not been submitting their GW monitoring reports as required. Ray Williams confirmed that the facility had been monitoring, as he inspects the reports, but they failed to submit them to the Section. Ray asked the County to submit them to Ervin for review. I have carbon copied Ervin so he can give us an update. Once he is satisfied with the GW monitoring I can complete the CHR.

Thanks,
Allen
