Re: Issuance of Solid Waste Permit
Washington County Construction and Demolition Debris Landfill (C&DLF)
Washington County, North Carolina
Permit No. 94-04, Document ID No. (Doc ID) 16774

Dear Mr. Critcher:

Enclosed please find the Solid Waste Permit: Permit To Construct (PTC) for constructing proposed Phase 2 and Permit to Operate (PTO) for continued operating the existing Phase 1 (Doc ID 16772) at the above referenced C&DLF. The referenced PTC & PTO are issued in accordance with N.C.G.S. 130A-294 and the N.C. Solid Waste Management Rules, 15A NCAC 13B .0203(b). Additionally, by issuing the PTO for Phase 1, the Solid Waste Section has determined that Washington County C&DLF has met the continued operation requirements stated in the Solid Waste Management Rule, 15A NCAC 13B .0547(2).

In your review of the permit conditions, please note the pre-operation conditions (Permit Condition No. 22 in Attachment 2) must be properly implemented and addressed in writing and submitted to the Solid Waste Section, the Division Waste Management (DWM) for a review and approval prior to operating C&DLF - Phase 2.

The cover page of the approved permit application (Doc ID 16775) is also enclosed. The electronic format of the approved documents can be directly downloaded from the DWM's web site at <https://edm.nc.gov/DENR-Portal/>. Type in the Doc ID Number (only numeric number) in the boxed area next to the "**Description**" in the "**Property Criteria**" area. Then click "**Search**" box. The document in pdf format will appear on the lower section of the screen called "**Content**" area.

Again, please review the Conditions of Permit thoroughly. If you have any questions associated with the permit, please contact myself at (919) 707-8251 or Mr. Ray Williams, the Solid Waste Section Waste Management Specialist for your area, at (252) 948-3955.

Sincerely,
