Washington County, Permit No. 94-07-TP-2011, DIN 14138

Dear Ms. Lee:

Enclosed is the above reference solid waste permit that approves the operation of the WM Healthcare Solutions, Inc. Medical Waste Treatment Facility and the approved copy of the application with operations plan.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans.

A certified copy of this permit is also enclosed showing current ownership and all property used for the solid waste management facility. It must be filed in the Washington County Register of Deeds office in Plymouth, North Carolina, and indexed in the grantor index under the name of the owner of the land. The certified copy of the permit affixed with the Register's seal and the date, book, and page number of recording must be returned to the Section within 30 calendar days of issuance of this permit.

Please review the conditions of the permit thoroughly. Mr. Ray Williams is the Solid Waste Section Environmental Senior Specialist for your facility and can be reached at (910) 794-7342 or (910) 621-3692 or by email at ray.williams@ncdenr.gov.
