Subject: Permit to Operate  
Barnhill Contracting Company Faison Plant  
Permit No. 82-06-TP-2011, Sampson County, Document ID 12623

Dear Mr. Glover:

Enclosed is the above reference solid waste permit that approves the operation of the Barnhill Contracting Company Faison Plant for asphalt shingle processing and the approved copy of the application with operation plan.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans. However, the permit does contain a condition requiring a facility inspection and pre-operative meeting.

Please review the conditions of the permit thoroughly. Mr. Drew Hammonds is the Environmental Senior Specialist for your facility and can be reached at (910) 433-3551 or (919) 606-2483. Please contact him to schedule pre-operative meeting. If you have questions about your permit, please contact me at (919) 508-8520 or by email at [pat.backus@ncdenr.gov](mailto:pat.backus@ncdenr.gov).

Sincerely,

Patricia Backus, P.E.  
Environmental Engineer
