Subject: Duke Energy - Belews Creek FGD Landfill Operations Plan

Dear Mr. Frost,

Duke Energy Carolinas (DEC), Belews Creek Steam Station, requests concurrence from North Carolina Department of Environmental Quality (NCDEQ) Division of Waste Management (Division) of the Operations Plan for the Flue Gas Desulfurization (FGD) Residual Landfill (Permit No. INDUS-8505).

This request is being submitted electronically. Please let me know if you would like to receive paper copies.

Respectfully submitted,
Melonie
