Subject: Authorization – Use of Beneficial Fill
Alleghany County Transfer Facility
Alleghany County, Permit #03-03T, Document ID No. 18568

Mr. Adams:

The Division of Waste Management, Solid Waste Section (Section) has completed a review of your request (DIN 18567) to utilize beneficial fill material to widen an access road at the facility. The document was received, via email, by the Section on February 21, 2013.

Based on this review, the Section authorizes the use of beneficial fill to widen the access road at the transfer facility. Please ensure the activity continues to meet all beneficial fill requirements found in Solid Waste Rule, 15A NCAC 13B.0562. There are no permit conditions associated with this activity so no permit modification will be required and no permit fee assessed. Any significant changes to the submitted plan may require approval by the Section prior to implementation.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
