Don't know if you have a copy of this attachment. I suppose it is meant for you. I'm okay with the timeline as long as LFG well installation and monitoring occur ASAP.

Good afternoon John, I hope you are well. Please find attached a letter I prepared to document the plans made to move forward with landfill gas monitoring at the closed Caswell County MSW Landfill. The County and I felt it was important to take a moment and share with NCDENR the progress made to address this matter, and the plan to address this compliance issue. Please contact me if you have any questions.

Kind Regards, Ed
