Subject: Second Request for Revision
Town of Edenton Transfer Facility
Permit No. 21-01T, Chowan County, Document ID No. 17424

Dear Mr. Norris:

In a letter dated July 9, 2012, I presented my review of your application for a permit amendment (Document ID No. 16883). I noted several issues, provided the current application instructions for a transfer station, instructed you how to find approved applications for similar facilities on our web site, and asked that you revise your application. I also offered my assistance to help you. So far I have not received any response.

While your operation is limited, I do feel that the operation plan should be updated, better organized, and contain information that is found in similar facility plans. The plan you presented was originally received in 1996 and approved in 2000. By this letter, I am requesting that you provide an updated application by November 1, 2012.

If you have any questions regarding this matter, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov.

Sincerely,

Patricia Backus, P.E.
Environmental Engineer
Solid Waste Section
