SOLID WASTE PERMIT

Property Description (continued)

1. This permit may be subject to review at an administrative hearing upon petition of anyone whose legal rights, privileges, and duties may have been affected by the issuance thereof.
2. This permit shall not be effective unless the certified copy is filed in the register of deeds' office, in the grantor index under the name of the owner of the land in the county or counties in which the land is located. After recordation, the certified copy shall be returned to the Solid and Hazardous Waste Management Branch and shall have indicated on it the page and book number, date of recordation and registrar's seal.
3. When this property is sold, leased, conveyed or transferred, the deed or other instrument of transfer shall contain in the description section in no smaller type than that used in the body of the deed or instrument a statement that the property has been used as a sanitary landfill for demolition waste, only.
4. The following requirements shall be met prior to receiving solid waste at the site:
 - a. Site preparation in accordance with operational plan.
 - b. Site inspection made by a representative of the Division of Health Services.
5. This solid waste disposal site is permitted to receive stumps, limbs, leaves, concrete, masonry, wood, uncontaminated earth, and demolition and construction wastes and other wastes that may be specifically approved by the Solid and Hazardous Waste Management Branch.
6. The operation of this facility shall conform to Rule .0507 of the Solid Waste Management Rules.
7. An erosion control plan is submitted and approved that complies with 15 NCAC 4 (Sedimentation Pollution Control Law).
