Re: Closure of LCID Landfill
Currin Brothers, Inc. LCID Landfill No. 1
Permit No. 32-D, Durham County, DIN 19159

Dear Mr. Currin:

The Solid Waste Section of the Division of Waste Management, Department of Environment and Natural Resources, received a site inspection closure report for the referenced landfill on June 17, 2013. The report was submitted on your behalf by Smith Gardner, Inc. and documented that at least 12 inches of soil was used as final cover and adequate vegetation has been established in accordance with 15A North Carolina Administrative Code (NCAC) 13B .0566. Therefore, this facility is considered closed and Permit No. 32-D is rescinded.

If this property is to be used again for landfilling operations, the responsible party must submit a complete permit application in accordance with North Carolina General Statute 130A-294 and meet the requirements of 15A NCAC 13B, prior to any construction and/or waste activities at the site.

If you have any questions, you may contact me at (919) 707-8281 or by email at ed.mussler@ncdenr.gov or Pat Backus at (919) 707-8257 or by email at pat.backus@ncdenr.gov.

Sincerely,

Edward F. Mussler, III, P.E.
Permitting Branch Supervisor
Solid Waste Section
