Re: Permit to Construct and Operate
Organic Recycling Center
Franklin County, North Carolina
Permit No. 35-03TP
Doc ID No. RCO196

Dear Mr. Adams:

The Solid Waste Section (SWS) acknowledges that the former operation (PIP LCID landfill) has been closed. A closure letter dated March 13, 2006 specifies the closure and post-closure site maintenance and monitoring responsibilities of the facility owner/operator. The closure of PIP LCID Landfill shall become effective upon certification that the facility complies with the closure conditions stated.

SWS has determined that the construction and pre-operative conditions have been met for the Organic Recycling Center, and Solid Waste Permit No. 35-03TP is enclosed.

If you have any questions regarding the permit or conditions, please contact me at (919) 508-8510.

Sincerely,

Toni Wyche, E.I.

.0566 (13) (a & b), and the ground water requirements of Section .0566 (15), if applicable.

- 3) The closure of PIP LCID Landfill shall become effective upon notification and certification, as provided for in this letter, by the facility owner that the facility complies with closure conditions stated, and shall be maintained in compliance with the post-closure conditions specified in this letter.
- 4) Documentation exists in the Solid Waste Section files, that Permit No. 35-C was recorded (Book: 943 Pages: 146-150) with the Register of Deeds office in Franklin County for the subject property.

Please execute the certification of closure by signing the attached acknowledgment statement, and send a copy of this notarized document to:
