Re: Permit to Operate: Guilford College Small Type III Compost Facility, Guilford County,  
North Carolina, Permit No. 4125-COMPOST

Dear Mr. Petree:

Please find enclosed the Permit to Operate for Guilford College Small Type III Compost Facility, Permit No. 4125-COMPOST. This permit issuance approves the 5-year permit renewal.

In general, the new facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans, such as site specific operations.

Please review the conditions of the permit carefully.

The stamped approved permit renewal application can be viewed and downloaded from our website:

<https://edm.nc.gov/DENR-Portal/>

Type in "4125-COMPOST" into the ID value box, and click on Search. The stamped approved application is Doc ID 19091. To view a document double click anywhere on the line of the document.

If you have any questions regarding the permit or conditions, please contact me at (919) 707-8280 or by email at [tony.gallagher@ncdenr.gov](mailto:tony.gallagher@ncdenr.gov). The Solid Waste Management Specialist for the facility is Hugh Jernigan. He can be reached at (336) 771-5093.

Sincerely,

Martin A. Gallagher  
Composting & Land application Branch Head  
Solid Waste Section
