Subject: Issuance of Permit to Construct for the Improvement Project & Permit to Operate: Permit Amendment for a Five-Year Permit Review
Dunn/Erwin Municipal Solid Waste Transfer Facility, Harnett County, North Carolina
Permit No. 43-07T, Document ID No. (Doc ID) 18606

Dear Ms. Bader:

The Division of Waste Management (DWM), Solid Waste Section (SWS) has completed the review of the improvement project plan (Project 2) and the permit amendment application for a five-year permit review, which are titled:

- *Dunn-Erwin Landfill, Corrective Action Projects: Project 1 – Sanitary Sewer Pump Station, Force Main, & Groundwater Extraction System; Project 2 – Convenience Center and Transfer Station Improvements. Project Manual*, September 2012 and received September 25, 2012, prepared by Clayton, Sr., P.E., Inc. (Doc ID 17302).
- *Dunn-Erwin Landfill, Transfer Station Permit Renewal Application, Permit 43-07T*, November 02, 2012 and revised through February 28, 2013, prepared by Clayton, Sr., P.E., Inc. (Doc ID 18607).

The SWS has no further comments on both documents at this time and hereby approves these documents. The SWS issues Harnett County (the County) a Permit to Construct and Operate (PTC/PTO, Doc ID 18605) to:

1. Conduct the proposed improvement project at the Dunn/Erwin Municipal Solid Waste Transfer Station in accordance with the approved improvement project plan (Doc ID 17302) and
2. Operate, under the SWS conditional approval, the Dunn/Erwin Municipal Solid Waste Transfer Station in accordance with the approved operation plan (Doc ID 18607), the permit conditions

in the PTO, and NC Solid Waste Management Rules. The final approval of the PTO is contingent on the completion of:

- i. The PERMIT CONDITION Nos. 3 & 4 in Attachment 2 of the PTC and
- ii. The GENERAL PERMIT CONDITION No. 3 (permit recordation requirement), Part IV of Attachment 1 of this permit. The certified copy of the permit (enclosed) must be filed in the Register of Deeds office in Harnett County, and the copy (entire document including permit) is returned to the SWS, within thirty (30) working days, from the date received, with the page and book number, date of recordation, and Register's seal.

The electronic format of the approved documents and permits can be directly downloaded from the DWM's web site at <https://edm.nc.gov/DENR-Portal/>. Type in the Doc ID Number (only numeric number) in the boxed area next to the "Description" in the "Property Criteria" area. Then click "Search" box. The document in "pdf" format will appear on the lower section of the screen called "Content" area.

Please note that issuance of this PTC/PTO does not remove the County's responsibilities for compliance with any other local, state or federal rule, regulation or statute which are applicable to construct and/or operate the Dunn/Erwin Solid Waste Transfer Station.

Please review the conditions of the permit thoroughly. If you have questions about your permit, please contact Mr. Robert Hearn, who is the SWS Waste Management Specialist for your area and can be reached at (919) 707-8292, robert.hearn@ncdenr.gov, or please contact me at (919) 707-8251, ming.chao@ncdenr.gov.

Sincerely,

Ming-Tai Chao, P.E.
