Re: Temporary relocation of the Mulching and Grinding Operation
Henderson County Transfer Station
191 Transfer Station Drive
Permit No. 45-04T

Dear Mr. Frost:

Over the last several years there has been a build-up of mulch from the grinding operation in the yard waste area. This has been left in place and never been removed from the site. At the request of Andrea Keller; NC Dept. of Environmental and Natural Resources, we are working on the abatement of the mulch off the cap of the closed MSW Land Fill Permit # 45-01. As a temporary measure we are requesting to move yard waste, yard trash and the grinding operations to the existing White Goods area (See attached); which is operating under Permit # 45-O4T. It is anticipated this process should be complete by May 1, 2013 (4 months). If you have any questions please contact me at gwiggins@hendersoncountync.org

Sincerely,

Greg Wiggins
