Iredell County Landfill
Permit No. 49-03
Iredell County, NC

Attached is your Permit to Construct Phase 5 and Permit to Operate (renewal) Phases 1-4. The closure certification of the Construction and Demolition Landfill is also part of this document.

Please pay special attention to Attachment 1, Part IV, Item 3. This requirement is due to the added property (Attachment 1 Part III, PROPERTIES APPROVED FOR THE SOLID WASTE FACILITY) in the Facility plan and waste footprint.

“This permit shall not be effective until the certified copy of this permit which references legal descriptions for all land within the solid waste management facility boundary is recorded in the Register of Deeds office and indexed in the grantor index under the name of the owner of the land in the county or counties in which the land is located. The certified copy of the permit, affixed with the Register's seal and the date, book, and page number of recording, must be returned to the Section within 30 calendar days of issuance of this permit. If the Section does not receive the certified copy of the recorded permit within 30 calendar days of issuance of the permit, then and in that event, the permit is suspended and of no effect until the date the Section receives the certified copy of the recorded permit.”

If you should have any questions regarding this matter please contact me your earliest convenience.
