Attachments: WASIELA LETTER 001.pdf

Geoff:

Hope you had a great Thanksgiving break. Attached is a letter signed by the wetlands consultant that performed the delineation for the C&D Landfill site in Maysville to provide some additional detail concerning the wetlands on site. Please let me know if you need anything further.

Ref: Greenco Land Co. C & D Landfill located in Jones County NC

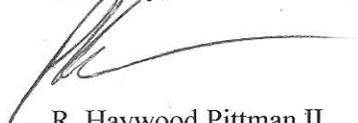

Dear Mr. Wasiela,

This letter has been written in response to your request for additional information regarding the wetlands located on the above referenced site.

The wetlands located on the site are non-riparian wetlands, and no streams were present. The wetlands basically function as groundwater recharge areas. They are hardwood flats, non-riverine swamp forest, and isolated ephemeral ponds, located in lower geomorphic positions and would not be considered high quality wetlands. A wetland delineation and verification by the US Army Corp of Engineers, has been completed on the site. The delineation was conducted using the Regional Supplement to the Corps of Engineers Delineation Manual: Atlantic and Gulf Coastal Plain Region.

If you have any questions please feel free to contact me at 910-330-2784. Thank You.

Sincerely,

R. Haywood Pittman II
NC Licensed Soil Scientist
