Re: Response to Comments regarding Proximity to Gamelands  
Proposed Maysville C&D Landfill  
Jones County, North Carolina  
Site Suitability Application  
Doc ID No. 17758

Dear Mr. Maides:

The Response to Comments submitted to this office November 22, 2012, [DIN 17744] has been reviewed and requires additional information regarding the proximity of the proposed site to State gamelands.

North Carolina General Statute §130A-295.6.(d) prohibits the Department from issuing a permit to construct to any disposal unit located within 1 [one] mile of a State gameland owned, leased, or managed by the Wildlife Resources Commission pursuant to G.S. 113-306 at the earliest of the following points in time: (i) the acquisition by the applicant or permit holder of the land or of an option to purchase the land on which the waste disposal unit will be located, (ii) the application by the applicant or permit holder for a franchise agreement, or (iii) at the time of the application for a permit.

The Response to Comment 3 states that the gameland markings on November 20, 2012, were 2,100 feet from the nearest point of proposed disposal limits. The response also contains a request for variance to the statute, which we are not authorized or empowered to grant.

Please call me at 919-707-8252 or email me at [Geof.Little@ncdenr.gov](mailto:Geof.Little@ncdenr.gov) to further discuss the issue.

Sincerely,

Geoffrey H. Little  
Environmental Engineer II
