Subject: Determination of Completeness  
McDowell County Transfer Facility  
McDowell County, Permit #56-02T, Document ID 18144

Mr. Gladden:

The Division of Waste Management, Solid Waste Section (Section) has completed a preliminary review of the document titled *McDowell County Transfer Station, Permit Number 56-02T: Operations Plan* (DIN 18143). The document was received in the Asheville Regional Office on January 14, 2013.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The permitting activity fee has been paid, and all the components required by 15A NCAC 13B.00401 have been submitted, so the application is deemed **complete**.

If any additional information is required to complete the permitting activity it will be requested under separate cover.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at [allen.gaither@ncdenr.gov](mailto:allen.gaither@ncdenr.gov).

Sincerely,

Allen Gaither  
Environmental Engineer
