Secretary

February 14, 2013

Mr. Mike Gladden, Public Works Director
McDowell County
60 East Court Street
Marion, North Carolina 28752

Subject: Technical Review
McDowell County Transfer Facility
McDowell County, Permit #56-02T, Document ID 18450

Mr. Gladden:

The Division of Waste Management, Solid Waste Section (Section) has completed a review of the document titled *McDowell County Transfer Station, Permit Number 56-02T: Operations Plan* (DIN 18143). The document was received in the Asheville Regional Office on January 14, 2013.

Based on this review, the Section would like to request additional information as well as some minor revisions to the *Operation Plan* prior to completing the Permit renewal. Please provide a response to the following items:

1. Page 4 indicates a hauling subcontractor is responsible for providing equipment to the facility. Please revise Appendix E to include the contact information for the hauling subcontractor.
2. Page 5, Yard Waste Transfer, states a *sub-contractor provides all equipment and labor to process and transport the yard waste*. Please confirm the sub-contractor is responsible for the final disposition of the yard waste.
3. Page 9, Wash Down Water, states *tank level is monitored by operation personnel and pumped out and transported to the City of Marion, NC sewage treatment facility for processing*. Please indicate who manages the pump and haul operation. If this is managed by a sub-contractor, please revise Appendix E to include the contact information for the hauling subcontractor.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
