Franklin, North Carolina 28734

Subject: Determination of Completeness – Application Complete
Highlands Transfer Station
Macon County, Permit # 5704T-TRANSFER-2008, Document ID 18777

Mr. Stahl:

The Division of Waste Management, Solid Waste Section (Section) has conducted a completeness review of the document titled *Permit Renewal Application for MSW and C&D Solid Waste Transfer Station at the Highlands C&D Landfill* (DIN 18775). The document was submitted on your behalf by McGill Associates and received in the Asheville Regional Office on April 3, 2013.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The permitting activity fee has been paid, and all the components required by 15A NCAC 13B.0401 have been submitted, so the application is deemed **complete**.

If any additional information is required for completion of the permitting activity it will be requested under separate cover.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
