**Subject: City of Albemarle Landfill
Adjacent Property Acquisition
DSWM Permit No. 84-01
Shield Project 1110192**

Dear Mr. Lane:

The purpose of this letter is to provide the Solid Waste Section a follow-up to our meeting in your offices in Raleigh of January 25, 2012. At that meeting both Shield and City of Albemarle representatives (i.e., Messrs. David Wallace and Mike Lambert, respectively) had indicated to you that Mr. Mike Lambert, Director of Public Works, was planning to propose to Albemarle City Council that the City of Albemarle acquire the property located adjacent to the southwest boundary of the City of Albemarle Landfill property. During the subsequent months Mr. Lambert has discussed this proposed property acquisition with Council and following Council's conceptual agreement with this proposed property acquisition negotiations were initiated with the property owner. These negotiations have led to the successful acquisition of the property adjacent to the southwest boundary of the City of Albemarle Landfill property.

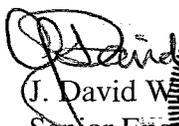

The 104.9-acre property was purchased and the deed was recorded and filed at the Stanly County Courthouse on July 18, 2012. As we have discussed with both you and Brian Wootton this property acquisition will provide the City of Albemarle a buffer zone along the southwest side of the former unlined landfill.

The City of Albemarle is now proceeding with surveying the acquired property in order to comply with the Solid Waste Section letter dated April 19, 2011. At this time we expect to be able to meet the time frame outlined within this letter. If we should encounter any delays in meeting this schedule we will advise you and/or Brian.

If you should have any questions please do not hesitate to contact either Mike Lambert by e-mail at mlambert@ci.albemarle.nc.us or David Wallace either by e-mail at dwallace@shieldengineering.com or by phone at 704-394-6913.

Sincerely,
SHIELD ENGINEERING, INC.

J. David Wallace, P.E.
Senior Engineer
20055

Keith A. Anthony, P.E.
Chief Engineer
