Page 2 of 3

The item(s) listed above were observed by Section staff and require action on behalf of the facility in order to come into or maintain compliance with the Statutes, Rules, and/or other regulatory requirements applicable to this facility. Be advised that pursuant to N.C.G.S. 130A-22, an administrative penalty of up to \$15,000 per day may be assessed for each violation of the Solid Waste Laws, Regulations, Conditions of a Permit, or Order under Article 9 of Chapter 130A of the N.C. General Statutes. Further, the facility and/or all responsible parties may be subject to enforcement actions including penalties, injunction from operation of a solid waste management facility or a solid waste collection service and any such further relief as may be necessary to achieve compliance with the North Carolina Solid Waste Management Act and Rules.

ADDITIONAL COMMENTS

1. The site entrance was secured by a gate
2. Yard waste facilities shall follow the time and temperature requirements listed in 15A NCAC 13B .1406(10) for all yard trash feed stocks. The temperature requirements include the compost process being maintained at or above 55 degrees Celsius (131 degrees F) for 3 days and aerated to maintain elevated temperatures. Yard trash is defined within 130A-290(a)(45) as solid waste consisting solely of vegetative matter resulting from landscaping maintenance. Leaves from landscaping maintenance and grass clippings are considered yard trash.
3. The yard waste site is being leased from Roy Lee Inscore, 4504 St Andrews Dr. N, Wilson, NC 27896. Parcel ID# 3735757802.000.
4. The facility is being operated by Environlink Inc.
5. The last YW notification was submitted on May 30, 2012 and is current.
6. The area of yard waste processing has been marked.
7. Yard waste if it is separated from yard trash brought into the site may be mulched and removed to an approved end user for landscaping, erosion control and plant nursery utilization.
8. Make sure all processing and storage areas meet the required buffers.
9. Conditions were wet during the time of the inspection. **Grading of the site needs to be done to prevent water from ponding.**

Please contact me if you have any questions or concerns regarding this inspection report.
