Re: Comments on Application
Wilson Transfer Station
Permit No. 98-06T, Wilson County, Document ID No. 18543

Dear John:

I have reviewed the above application for the Wilson Transfer Station and a few minor comments.

1. The Waste Management Specialist for Wilson County is Ben Barnes.
2. This facility is stated to be a backup for the Black Creek Road Transfer Station. The service area listed in the Wilson Transfer Station application includes Bertie, Edgecombe, Greene, Johnston, Lenoir, Martin, Nash, Pitt, Wake, Wayne, and Wilson Counties. The permit for the Black Creek Road Transfer Station lists the service area as Duplin, Edgecombe, Franklin, Greene, Halifax, Johnston, Lenoir, Martin, Nash, Northampton, Pitt, Wake, Wayne, and Wilson Counties. There are a few differences. I don't believe this is a problem with the landfills; however, I have to state a service area in the permit. Please confirm or change the service area.
3. I am assuming that the facility won't normally be open. I intend to put a condition in the permit to notify the Waste Management Specialist when you open or close it and to leave the facility in a clean condition when closed.

Please make corrections to the application and send to me.

If you have any questions regarding this matter, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov.

Sincerely,

Patricia Backus, P.E.
Environmental Engineer
Solid Waste Section

cc: Ed Mussler, P.E., Permitting Branch Head
Dennis Shackelford, Eastern District Supervisor
Ben Barnes, Environmental Senior Specialist
