Concord, N.C. 28027

Re: Shelton Road Notified Site

Dear Mr. Overcash,

This letter is a follow-up to our site meeting with you on November 1, 2005. During this meeting, we discussed some compliance issues at the Land Clearing and Inert Debris ("LCID") Notification site located on your property at 1150 Shelton Rd., Concord, North Carolina, including the need to keep the disposal area under 2 acres, to clearly mark the disposal area on the property, to cover the waste with soil, and to remove the plywood located in the lower lift of the northern part of the disposal area. You were agreeable to taking the actions outlined below:

LCID DISPOSAL AREA

Received AUG 2006 Solid Waste Section

1. You agreed to submit a survey of the LCID notification site showing the boundaries of the LCID notification site. This survey should be prepared by a registered land surveyor and submitted by December 31, 2005.

2. You also agreed to use stakes or markers to clearly identify the actual disposal area on the property. This should be completed by December 31, 2005. The purpose of these things is to make sure that you do not exceed the 2 acre limit.

3. Immediately after the survey is completed and boundary markers placed you agreed to move the "clean" wood stockpiles to the LCID notification site. This should be completed by January 31, 2006.

4. You agreed to apply soil cover to the waste located in the LCID disposal area. Please apply soil cover by March 31, 2006. As long as you continue operating this notification site, the operational rules require that you apply soil cover once a month, as well as complete grading and seeding

5. You agreed to remove the plywood located in the lower lift of the northern portion of the LCID notification site. Please provide landfill disposal receipts for the plywood. This should be completed by May 31, 2006.

1646 Mail Service Center, Raleigh, North Carolina 27699-1646
Phone 919-733-0692 \ FAX 919-733-4810 \ Internet http://wastenotnc.org

An Equal Opportunity / Affirmative Action Employer – Printed on Dual Purpose Paper

ACCEPTABLE WASTE

You are only allowed to accept and dispose of the following wastes at 1150 Shelton Rd.:

- land clearing waste, such as limbs, trees, stumps, brush, grass, and other naturally occurring vegetative material
- unpainted and untreated wood
- inert debris such as rock, gravel, brick, concrete, concrete block, and uncontaminated soil.

UNACCEPTABLE WASTE

As you are aware from the recent court case enforcing the Consent Judgment, you are not authorized to accept, dump, sort, or dispose of any other wastes on the property at this time.

Here is an example of some of the wastes that you brought onto the property in violation of the Consent Judgment and which you may not bring onto the property:

- painted and treated wood
- shingles
- sheetrock
- insulation
- plastics
- plastic sheeting
- plastic paint buckets
- wiring
- tires
- white goods (refrigerators, washing machines),
- cardboard
- lawnmowers, and household furniture, among others

We remain available to assist and guide you in regaining and remaining in compliance with the solid waste laws. We will follow-up this letter by telephone. Should you have any questions, please contact me at 336-771-4608, extension 338. Thank you.

Sincerely,

Brent S. Rockett

STATUS OF PERMIT:
Notification

PURPOSE OF AUDIT:
Follow-Up Audit

NOTICE OF VIOLATION(S) (citation and explanation):
No new violations.

You are hereby advised that, pursuant to N.C.G.S. 130A-22, an administrative penalty of up to $5,000 per day may be assessed for each violation of the Solid Waste Statute or Regulations. If the violation(s) noted here continue, you may be subject to enforcement actions including penalties, injunction from operation of a solid waste management facility or a solid waste collection service and any such further relief as may be necessary to achieve compliance with the North Carolina Solid Waste Management Act and Rules.

STATUS OF PAST NOTED VIOLATIONS (List all noted last audit):
As indicated in a letter dated November 29, 2005 (attached), the following actions were to be completed by Overcash Gravel and Grading Co., Inc.:

1. A survey of the LCID notification site showing the boundaries of the notification site was to be submitted by December 31, 2005. The Solid Waste Section has received a copy of the survey showing the site to be 1.99 acres.
2. The installation of stakes or markers to clearly identify the actual disposal area on the property was to be

completed by December 31, 2005. The boundary markers need to be reestablished with more permanent markers that are clearly visible to identify the disposal area.

3. Ensure that the "clean" wood stockpiles are moved to the LCID notification site.
4. Soil cover was to be applied to the waste located in the LCID disposal area by March 31, 2006. Adequate soil cover is required to be applied monthly, or when the active area reaches one acre in size. Additional soil cover needs to be applied to the waste in the LCID notification site. Grade and seed the site as appropriate.
5. The plywood located on the lower lift of the northern portion of the LCID notification site was to be removed by May 31, 2006. Continue to work towards total removal of the plywood.

AREAS OF CONCERN AND COMMENTS:

1. Continue to take measures to remove all unacceptable material received.
2. Information regarding the Construction and Demolition Treatment and Processing Permit has been submitted and is under review.

Please contact me if you have any questions or concerns regarding this audit report.

Follow-up Landfill Audit

NOTICE OF VIOLATION(S) (citation and explanation):
No *additional* violation(s).

You are hereby advised that, pursuant to N.C.G.S. 130A-22, an administrative penalty of up to $5,000 per day may be assessed for each violation of the Solid Waste Statute or Regulations. If the violation(s) noted here continue, you may be subject to enforcement actions including penalties, injunction from operation of a solid waste management facility or a solid waste collection service and any such further relief as may be necessary to achieve compliance with the North Carolina Solid Waste Management Act and Rules.

STATUS OF PAST NOTED VIOLATIONS:
Reference – "Facility Compliance Audit Report, Notice of Violation(s)" dated February 9, 2005; and "Facility Compliance Audit Report, Status of Past Noted Violations, Other Comments/Suggestions" dated April 20, 2005:

1. *15A N.C.A.C. 13B, Section .0566(2)* – Unacceptable waste materials as noted on February 9, 2005 has not been adequately addressed.

2. *15A N.C.A.C. 13B, Section .0566(4)* – Soil cover has not been addressed.

OTHER COMMENTS/SUGGESTIONS:

1. Approximately one third (⅓) of the unacceptable waste appeared to have been removed. Reminder – Verification that the unacceptable waste materials have been properly disposed of at a State Permitted Solid Waste Management Facility will be required prior to applying soil cover. Please submit receipts and any related correspondence. Landfill Operator stated that due to excessive heat, all remaining work to be performed will be completed by December 31, 2005. Mr. Bealle strongly advised Mr. Overcash to continue working toward resolving all issues; and emphasized the need for the actual completion date to be prior to December 31, 2005 as stated in the previous reports. Additional copies of the "Facility Compliance Audit Reports" dated February 9, 2005, and April 20, 2005 were provided to Mr. Overcash at the time of the inspection.

2. Landfill Operator stated that Steve Horton, Engineer/Overcash Gravel & Grading Co., Inc. is continuing to work toward obtaining a Construction and Demolition Treatment and Processing Permit as per discussion on January 27, 2005.

Please keep me informed of your progress. During the removal process and upon completion, Follow-up Landfill Audits will be required. Thank you in advance for your cooperation.

Please contact me if you have any questions or concerns regarding this Audit Report.

Re: Notice of Violation LCID notification
Order to Cease Operation
Cabarrus County

Dear Mr. Overcash:

Pursuant to *North Carolina General Statute§130A-22(a)* and *Title 15A North Carolina Administrative Code 13B,* it has been determined that you have been operating a Land Clearing and Inert Debris (LCID) landfill now measuring approximately four (4) acres in size, located off Hwy 73, West of Concord, in Cabarrus County, North Carolina without the necessary permit from the Division of Waste Management. You are in violation of the North Carolina Solid Waste Management Rules, specifically:

15A N.C.A.C. 13B, Section .0201(a) - "No person shall establish or allow to be established on his land, a solid waste management facility, or otherwise treat, store, or dispose of solid waste unless a permit for the facility has been obtained from the Division."

On Thursday, June 24, 1999, the above referenced LCID notification site closure was completed due to overexpansion beyond the two (2) acre LCID landfill notification size limit. On Friday, February 25, 2000, I inspected the LCID notification site. The inspection revealed that since closure, the site had been reopened and was still in operation. The waste was located in and within fifty (50) feet of what appeared to be a running stream at that time.

Based upon the foregoing, you are hereby ordered to take the following actions to correct all violations as stated in this Notice of Violation and otherwise be in compliance with the North Carolina Solid Waste Management Rules.

IMMEDIATELY CEASE OPERATING THE LAND CLEARING AND INERT DEBRIS LANDFILL UNTIL YOU HAVE OBTAINED A PERMIT FROM THE DIVISION.

919 NORTH MAIN STREET, MOORESVILLE, NORTH CAROLINA 28115
PHONE 704-663-1699 FAX 704-663-6040
AN EQUAL OPPORTUNITY / AFFIRMATIVE ACTION EMPLOYER - 50% RECYCLED/10% POST-CONSUMER PAPER

By **Friday, March 31, 2000**, complete the following:

1. Remove all materials not designated as inert debris (concrete, brick, concrete block, uncontaminated soil, rock, and gravel), asphalt, land clearing waste (stumps, trees, limbs, brush, grass, and other naturally occurring vegetative material), and untreated wood from the LCID notification site and transport to the Cabarrus County Landfill and/or the BFI/CMS Landfill.

2. Properly close the site by taking the following actions:

- Modify landfill area to meet State minimum buffer requirements and maximum size limits.
- Cover remaining waste with at least two (2) feet of soil.
- Implement erosion control measures as required by grading and seeding in accordance with the Sedimentation Pollution Control Act (*15A N.C.A.C. 4).* You may contact the Land Quality Section of the Division of Land Resources at (704) 663-1699 if you have any questions pertaining to the Sedimentation Pollution Control Act.

Pursuant to *N.C.G.S.§130A-22(a)* and *15A N.C.A.C. 13B, Section .0701 - .0707,* an administrative penalty of up to Five Thousand Dollars ($5,000.00) per day, per violation may be assessed for violations involving nonhazardous waste.

Verification that the non-permitted waste has been properly disposed of at the Cabarrus County Landfill and/or the BFI/CMS Landfill will be required. Please submit receipts and any related correspondence to:

North Carolina Department of Environment and Natural Resources
Division of Waste Management/Solid Waste Section
Attn: James B. Bealle III
919 North Main Street
Mooresville, NC 28115

Please submit schedule for compliance prior to start date. Upon completion of removal, a final inspection is required. Should you have any questions concerning this matter, please contact me at (704) 663-1699. Thank you in advance for your cooperation.

Sincerely,

James B. Bealle III

PURPOSE OF AUDIT:
Complaint Investigation

NOTICE OF VIOLATION(S) (citation and explanation):
15A N.C.A.C. 13B, Section .0566(2) – "The facility shall only accept those solid wastes which it is permitted to receive." You are in violation of *Section .0566(2)*. Unacceptable waste materials have been improperly disposed of in the Overcash Gravel & Grading Co., Inc. LCID Landfill Notification Site.

Remove all unacceptable waste materials (ie. Construction and Demolition waste, scrap metal, etc.) by **April 30, 2005**. Verification that the unacceptable waste materials have been properly disposed of at a State Permitted Solid Waste Management Facility will be required **prior to applying soil cover!** Please submit receipts and any related correspondence.

15A N.C.A.C. 13B, Section .0566(4) – "Adequate soil cover shall be applied monthly, or when the active area reaches one (1) acre in size, whichever occurs first." You are in violation of *Section .0566(4)*. Soil cover *must* be placed on top of the landfill to prevent water infiltration; Cover should be sloped properly to prevent standing water.

Cover all remaining LCID waste by **May 31, 2005**.

Properly close the Overcash Gravel & Grading Co., Inc. LCID Landfill Notification Site as follows:

1. Remove all unacceptable waste materials. Schedule Follow-up Landfill Audit with James B. Bealle III, Environmental Technician/SWS to verify removal.

2. *Following verification of removal of all unacceptable waste materials to the satisfaction of the Solid Waste Section*, cover all remaining LCID waste with a minimum of one (1) foot of suitable soil cover sloped to allow surface water runoff in a controlled manner.

3. Implement erosion control measures as required by grading and seeding in accordance with the Sedimentation Pollution Control Act (*15A N.C.A.C. 4*). You may contact the Land Quality Section of the Division of Land Resources at (704) 663-1699 for guidance pertaining to the Sedimentation Pollution Control Act.

You are hereby advised that, pursuant to N.C.G.S. 130A-22, an administrative penalty of up to $5,000 per day may be assessed for each violation of the Solid Waste Statute or Regulations. If the violation(s) noted here continue, you may be subject to enforcement actions including penalties, injunction from operation of a solid waste management facility or a solid waste collection service and any such further relief as may be necessary to achieve compliance with the North Carolina Solid Waste Management Act and Rules.

STATUS OF PAST NOTED VIOLATIONS:
N/A

OTHER COMMENTS/SUGGESTIONS:
1. Landfill Operator has been advised that it appears that the landfill has reached capacity based on field observations, and the GPS data provided by the City of Concord. Total disposal area for LCID Landfill Notification Sites must remain *under* two (2) acres in size.

2. The "Notice pursuant to Concord Unified Development Code # 1.6.5.1" from Mitchell Furr, Concord Senior Code Enforcement Officer to Ronald Gold Overcash, Overcash Gravel & Grading Co., Inc. dated February 4, 2005 (enclosed) specifically addresses many issues on the property. *15A N.C.A.C. 13B, Section .0564(10)* – "The facility shall meet all requirements of any applicable zoning ordinance."

Please keep me informed of your progress. During the removal process and upon completion, Follow-up Landfill Audits will be required. Thank you in advance for your cooperation.

Please contact me if you have any questions or concerns regarding this Audit Report.
