**ADDITIONAL COMMENTS**

1. The cropstand on Field 2 (the newer field) looks very good & well established. Mr. Stallings stated that he was about to cut & spray field 1 for the pigweed that is currently on this field. Please continue efforts to improve the cropstand on this older field.
2. Field markers look adequate & it appears that the approved setbacks are being met (distances were not measured at this time).
3. No sign of recent application and no odors noted.
4. The required signs are posted and the access road is adequate.

Please contact me if you have any questions or concerns regarding this inspection report.
