ADDITIONAL COMMENTS

1. A Comprehensive Audit was performed to determine the status of the site.
2. There were no problems noted regarding the site location and buffers.
3. The site does not appear to have any erosion issues.
4. You are reminded that the operational requirements, specifically NCAC .1406(10), state that a record must be kept indicating the compost has been maintained at not less than 131 degrees Fahrenheit for three days. Please have these records available upon request.
5. No unauthorized waste was noted; however, some of the debris was in plastic bags. These bags were separate from the windrows. Be sure that the plastic does not go into the compost windrows.
6. The Division is currently processing the 2013 annual renewal submittals for Notifications. If your renewal has not been submitted, please send a completed form within ten days of receipt of this report. The form is available at this web link: <http://portal.ncdenr.org/web/wm/sw/yardwaste>
