Dear Mr. Einsmann:

The Division of Waste Management, Solid Waste Section, has received your "Request for Five Year Permit Renewal" for the East Carolina Regional MSW Landfill submitted on your behalf by Hodges, Harbin, Newberry & Tribble. It was received on February 4, 2014. Your permitting fee was received December 18, 2013. This letter is to notify you that the application is considered complete within the context of North Carolina General Statute §130A-295.8(e).

A determination of completeness means that the application includes all required components but does not mean that the required components provide all of the information that is required for the Section to make a decision on the application. A technical review of your application is in progress.

If you have any questions or comments, please contact me at (704) 235-2163, or by email at john.murray@ncdenr.gov.

Sincerely,

John Murray, P.E.
