PURPOSE OF SITE VISIT:

Comprehensive Facility Compliance Inspection

STATUS OF PAST NOTED VIOLATIONS:

None applicable

OBSERVED VIOLATIONS:

No violations observed; please see ADDITIONAL COMMENTS section below.

ADDITIONAL COMMENTS:

- 1) This is a Solid Waste Transfer Facility and is permitted to receive Solid Waste as defined in NCGS 130A-290(a)(35).
- 2) Hazardous waste, yard trash, liquid wastes, regulated medical waste, sharps not properly packaged, regulated asbestos containing material as defined in 40 CFR 61, PCB waste as defined in 40 CFR 761, infectious waste, animal carcasses, radioactive waste, septage, fluorescent and high-intensity discharged lamps, ashes/incinerated residues, and wastes banned from disposal in North Carolina by NCGS 130A-309.10(f) are prohibited from being accepted at this Facility.
- 3) This Facility is permitted to receive Municipal Solid Waste, Construction & Demolition Waste, Scrap Tires, and Yard Waste generated in Carteret, Craven, and Pamlico Counties.
- 4) All waste, with the exception of scrap tires, which are hauled directly to Central Carolina Tire, permit #43-04 in Cameron NC, is transported to the Coastal Environmental Partnership Subtitle-D Landfill, permit #25-09 in Tuscarora, Craven County, NC.
- 5) Proper signage including the Facility permit number, accepted waste types, banned or excluded items, hours of

operation, and the emergency contact number is posted at the facility entrance.

- 6) The hours of operation are Monday through Friday 7:30 AM to 4:30 PM and Saturday 7:30 AM to 12:00 PM.
- 7) The Facility is secured by means of a locked gate at the facility entrance.
- 8) The Facility access road is of all-weather construction and is being maintained in overall good condition.
- 9) Windblown debris is collected and returned to the transfer station daily. No windblown debris was noted as leaving the facility.

- 10) Personnel were on-site collecting windblown debris during this Facility Compliance Inspection.
- 11) Access around the Facility is generally stable; no areas of erosion were observed during this Facility Compliance Inspection.
- 12) The tipping floor and push walls are cleaned and washed down daily.
- 13) The Facility is cleaned monthly using a high-pressure washer.
- 14) There are four fire extinguishers in the transfer station for fire suppression; two stationed at the entrance to the tipping floor, and two stationed at the entrances to the trailer loading bay. All four fire extinguishers read a full charge.
- 15) There are fire extinguishers stationed in each loader and yard tractor.
- 16) There are four hose bibs in the transfer station for washdown and fire suppression. Two are located at the entrance to the tipping floor and two are located at the entrances to the trailer loading bay.
- 17) Waste received at the Facility is loaded into the transport trailers in a timely manner.
- 18) The trailer loading area is cleaned of any waste overflow as trailers are removed from the bays for transfer and at the end of the workday.

- 19) Recyclable metals and unacceptable waste streams are removed from the Facility daily.
- 20) This Facility maintains an adequate number of trailers on site to properly manage the volume of waste received during operating hours.
- 21) All yard waste collected on site is hauled, 2-3 times per week, to the Coastal Environmental Partnership Compost Facility, permit #25-09, in Craven County for grinding and composting.
- 22) Scrap tires are collected and placed into trailers for direct haul to the Tire Management Facility.
- 23) Leachate is collected on-site in an above ground storage tank and is pumped down and hauled for treatment as needed.
- 24) The area around the secondary scale is policed throughout the day for overflow and windblown debris. *Please continue to ensure that this area of your Facility is cleaned of all overflow and windblown debris as necessary throughout the

workday and at the end of each workday.

- 25) The certified operators are as follows:
Frederick E Fulford Jr: Certified Transfer Station Operations Specialist; expires 17 September 2016
Matthew Joe Katen: Certified Transfer Station Operations Specialist; expires 30 July 2015
William R Oden: Certified Transfer Station Operations Specialist; expires 19 October 2016
Roger Prichard: Certified Transfer Station Operations Specialist; expires 4 February 2015
John W Tootle: Certified Transfer Station Operations Specialist; expires 19 October 2016
- 26) This Facility screens all incoming loads for unpermitted materials. Two random waste screenings are being recorded in a log book per week. This log was in order and presented for review during this Facility Compliance Site Inspection.
- 27) This Facility is currently receiving +/- 400 tons of waste per day.
- 28) A current copy of the Facility Permit and Operations Plan is maintained in the Facility Supervisor's office. The Permit was in order and presented for review during this Facility Compliance Inspection.
- 29) The Facility Supervisor conducts on site safety training monthly. A record of each training event including the topics covered and all attendees is maintained in the Facility Supervisor's office. This log was in order and presented for review during this Facility Compliance Inspection.
- 30) *Corrective actions are required as a result of this Facility Compliance Inspection.

Please contact me if you have any questions or concerns regarding this Facility Compliance Inspection report.
