Re: Request to Rescind Permit
Metro Energy Corp
Chatham County, North Carolina
Permit No. 1908-TIRE-COLL-2010
Doc ID No. 20965

Dear Mr. Tucker:

The Solid Waste Section has reviewed your request received, to rescind the solid waste permit issued for the above referenced facility.

The facility was inspected by Mr. John Patrone, Environmental Senior Specialist, on May 2, 2014, and he concurs that the property complies with all conditions for closure. Therefore, the Solid Waste Section hereby rescinds Permit No. 1908-TIRE-COLL-2010 as requested.

Please be advised that any solid waste management activity that occurs at the property regulated under 15A NCAC 13B will require the submittal of an application and pertinent fees. Enforcement actions will be pursued should you display or use the permit number in any capacity. Also, this rescindment does not remove any liability for adverse effects caused by the previous regulated solid waste management activities at the site.

Thank you for your efforts and cooperation in this matter. If you have questions about rescinding the permit, please contact either me at 919-707-8252 or John Patrone, Environmental Senior Specialist for the facility, at 336-771-5095.

Sincerely,

Geoffrey H. Little, Environmental Engineer II
Division of Waste Management, NC-DENR
