Mr. Terry D. Morris  
Craven LCID, LLC.  
109 Swift Creek Road  
Vanceboro, North Carolina 28586

Subject: Re-issuance of Permit to Construct & Operate (PTC/PTO)  
Craven Land Clearing and Inert Debris Landfill (LCID Landfill)  
Craven County, North Carolina  
Permit No. 25-13, Doc ID 19669

Dear Mr. Morris:

Mr. Michael Rice, P.E., your consultant who handled the permit application on your behalf, informed me via an e-mail message dated September 04, 2013 that several typographic errors were found in the PTC/PTO issued on September 4, 2013. The Solid Waste Section has corrected the typographic errors and determines to re-issue the permit to Craven LCID, LLC. Please discard the permit issued on September 04, 2013 and use this new permit for permit recordation. I apologize for any inconvenience this may cause you.

Enclosed please find a hard copy of Solid Waste Permit (Doc ID 19622) for Craven LCID Landfill. Please carefully review the permit and pay special attention to the following permit conditions, which shall be completed prior to receiving any permitted wastes at this landfill facility; the permit conditions briefly stated below:

- General Permit Condition No. 3, Part IV, Attachment 1 of the permit regarding permit recordation requirement. The certified copy of the permit (enclosed) must be filed in the Register of Deeds office in Craven County, and the copy (entire document including permit) is returned to the SWS, within thirty (30) working days, from the date received, with the page and book number, date of recordation, and Register's seal.
- Pre-Operational Condition No. 8, Part I, Attachment 2 of the permit.

Thank you for your cooperation in these matters. Please keep all approved documents and this permit in you facility operating records. If you have any questions or comments regarding your

permit, please contact me at (919) 707-8251 or [ming.chao@ncdenr.gov](mailto:ming.chao@ncdenr.gov) or Ray Williams, Senior Environmental Specialist for your area, at (252) 948-3955 or [ray.williams@ncdenr.gov](mailto:ray.williams@ncdenr.gov).

Sincerely,

Ming-Tai Chao, P.E.  
Environmental Engineer
