Subject: New Permit Application Review
Bay Disposal, Inc. – Currituck Transfer & Recovery Facility
Location ID P1265, Currituck County, Document ID No. 19414

Dear Mr. Moore:

On July 3, 2013, the Division of Waste Management, Solid Waste Section (Section) received an application for a new permit for the proposed Bay Disposal, Inc. - Currituck Transfer & Recovery Facility (DIN 19413).

A technical review of the application has been conducted. Please address the following comments and questions concerning the application. Modify the application where appropriate.

1. The operational plan states that recyclables will be sent to the Hampton Material Recovery Facility and non-recyclable construction debris will be sent to the Hampton Roads Recovery Center. Please identify the facilities with their permit facility name, location, and permit number in your plan. Based on our phone call yesterday, the correct information is below.

Recyclables will be sent to Bay Disposal & Recycling; 301 E. Street; Hampton, VA; Virginia Permit No. PBR 585. Non-recyclable construction debris will be sent to Centerville Turnpike CDD Landfill, 1613 Centerville Turnpike, Virginia Beach, VA; Virginia Permit No. SWP 603.

2. In the event of a fire, you must notify the Section verbally within 24 hours and submit a Fire Occurrence Notification with 15 days. The form is available under the "Fire" heading at <http://portal.ncdenr.org/web/wm/sw/forms> and can be filled in online and printed. I have also included a printed version to include in your operation plan.

Please send the revised operation plan to me when completed. If you have any questions, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov.

Sincerely,

Patricia M. Backus, P.E.
Environmental Engineer
Solid Waste Section

cc: Andrew Schaubach, Vice-President, Bay Disposal & Recycling
Ed Mussler, P.E., Permitting Branch Supervisor
Dennis Shackelford, Eastern District Supervisor Ben Barnes, Environmental Senior Specialist
