Re: Request Acknowledgement Letter
Stone Park Court Transfer Station
Permit No. 3214T-TRANSFER-2001, Durham County, DIN 19437

Dear Mr. Davidson:

The Division of Waste Management, Solid Waste Section, received your request to add to the list of facilities approved to receive waste from the Stone Park Court Transfer Station. The request was made via email to Ms. Pat Backus on July 22, 2013.

The specific request was to add the Johnson County Landfill (Permit No. 51-03) as an approved facility to receive municipal solid waste and construction and demolition debris waste.

This letter serves as an approval to that request. Please place a copy of this letter in your operating record and modify the facility's operation plan at your next permit review.

If you have any questions, please contact Pat Backus at (919) 707-8257.

Sincerely,

Edward F. Mussler, III, P.E.
Permitting Branch Supervisor
Solid Waste Section

cc: Pat Backus, P.E., Permitting Engineer
Jason Watkins, Western District Supervisor
John Patrone, Environmental Senior Specialist
