**Subject:** RE: Permit application for Edgecombe Co. CDLF & Transfer Station  
**Date:** Friday, March 07, 2014 7:59:35 PM

---

Hi Ming

Edgecombe County has engaged S&ME, Inc. to prepare and submit the permit applications for these two facilities. I anticipate we will submit these applications no later than the following dates:

- 1) May 12, 2014 -- Edgecombe County CDLF on top of the closed MSWLF (33-01)
- 2) March 31, 2014 -- Edgecombe County Transfer Station (33-02T)

Please let me know if S&ME needs to submit a more formal, written request for extending the submittals to the dates requested above.

Thank you  
Sam

Permit No.	Date	Document ID No.

**Subject:** Permit application for Edgecombe Co. CDLF & Transfer Station

Hey Sam:

Could you please provide me **the schedule for submitting the permit applications** for the following solid waste management facilities in Edgecombe County:

**1. Edgecombe County CDLF on top of the closed MSWLF (33-01)**

The permit application is required to update the facility plan which discussed in the letter (Doc ID 19995) dated 10/21/2013. The submittal of the requested application was due on 01/16/2014, and you later requested for an extension of the submittal which was verbally approved by myself in January 2014. However, up to now, I have not received a written request for the extension from you on behalf of the Edgecombe County. The written request needs to include a firm date for submitting permit application. Please provide me a written request as soon as possible. The contents of the permit application was discussed and determined in the per-application meeting dated 10/23/2013.

**2. Edgecombe County Transfer Station (33-02T)**

The PTO (Doc ID 7906) issued for the transfer station will expire on July 17, 2014. Pursuant to Rule 15A NCAC 13B.0201(g), the permit renewal application shall be submitted the Solid Waste Section by January 17, 2014 as stipulated in the General Permit Condition No. 1, Part IV, Attachment of the PTO. As of today, I have not received the permit amendment application yet.

To save the time (the permit can be either 10-year or 5-year) and money (permit fees – normally the County only pays for higher one e.g. the fee for CDLF, not pay for both), you can request the Solid Waste Section an approval for submitting one permit application combining both facilities. To do so in the future, there will be one permit to cover both facilities which have the same permit expiration date.

Please respond my request as soon as possible. Thank you and have a wonderful weekend.
