This is a letter as a follow up to a phone conversation that we had on February 25, 2010. I called to inquire about converting an existing building (not being used for anything) into a shed to store topsoil. This would enable us to keep the soil dry and prevent erosion, also make use of the building, instead of building a new shed that we had previously talked about. During our phone conversation you agreed ed that this was a good idea and that I should document this by a letter. I appreciate your time and consideration on this matter. Thanks so much!

John N. Bryan

A handwritten signature in cursive script that reads "John N. Bryan".
