Subject: Determination of Completeness  
Waste Industries - High Point C&D Debris Landfill  
Guilford County, Permit # 4116-CDLF-2012, Document ID 20176

Mr. Marcum:

The Division of Waste Management, Solid Waste Section (Section) has conducted a completeness and technical review of the document titled *Permit Renewal Application, WI High Point Landfill, LLC* (DIN 19581). The document was submitted on your behalf by Smith+Gardner and was received in the Asheville Regional Office on August 28, 2013.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The components required by 15A NCAC 13B.0535 have been submitted, and the permitting activity fee has been paid, so the application is deemed **complete**.

No additional information is needed at this time so the Permit to Operate will be issued under separate cover in the near future.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at [allen.gaither@ncdenr.gov](mailto:allen.gaither@ncdenr.gov).

Sincerely,

Allen Gaither  
Environmental Engineer
