Subject: Central Carolina Tire, Phase 3B Expansion Certification
Attachments: CCT Phase 3B Asbuilt Landfill.pdf

Geof,

Please find the attached certification of construction of the Phase 3B Tire Monofill base grades. I will forward an original copy to your attention.

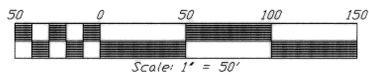

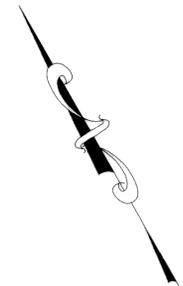

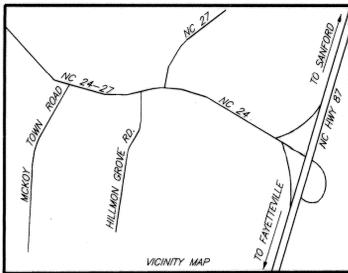

In addition, Central Carolina Tire and U.S. Tire would like to meet with you at your office to review all pending permits. CCT has the Process Permit Application and UST has a SW and Process Permit Application in for review. Could you please provide some dates and I will try to coordinate with everyone?

Please don't hesitate to call if you have any questions or if you need any additional information.
