Subject: RE: Solid Waste Profile

Mr. Hollinshead,

Based on our review of the provided Solid Waste Profile Sheet (Document ID No. 20922), the Section sees no reason the contaminated soil cannot be received at the Haywood County White Oak Landfill, Permit number 4407-MSWLF-1993. As a result, you are approved for the receipt of the contaminated soil from the I-40 spill cleanup to be managed in accordance with the approved Operations Plan and current Permit to Operate. Please let me know if you have any additional questions or concerns.

Best regards,
Allen Gaither

Mr. Gather:

Good morning.

Attached is a Santek Solid Waste Profile for the material that has been cleaned-up near the Haywood County Landfill. Please inform me as to how you would wish us to proceed to gain an exemption in NC to dispose of this material into the Santek managed Haywood County Landfill?

Thank you for your thoughtful consideration and please do not hesitate to e-mail or call with any questions or comments you may have.

Sincerely,

David L. Hollinshead

David,

Attached is the solid waste profile. Please let me know if I need to do anything else.

Thanks,

Bradley C. Marslender
