Re: Application Comments
Maysville C&D Recycling & Recovery Facility
Jones County, North Carolina
Permit No. Application in Process
Doc ID No. 17644

Dear Mr. Maides:

Below are comments concerning the application for a Permit to Construct and Operate the facility referenced above.

1. Please provide a copy of the deed for the property.
2. Operation Plan Section 2.6.4 [p18] [Note typo: 2 Sections are labeled 2.6.4]: Should you choose to shred shingles, we will require a certification and chain of custody process that guarantees each load of shredded shingles to be free of asbestos. From reports we receive, most asphalt companies prefer to receive intact shingles.

Also, please edit the text in Section 2.6.4 p18 in the concrete and shingle recovery operations in the referenced section to include a reference to the asbestos screening procedure contained in Section 2.4 [p11].

3. What are the contingency plans for back-up in case of equipment failure?

Thank you for your efforts and cooperation in this matter. If you have questions about the comments, please contact me at 919-707-8252.

Sincerely,

Geoffrey H. Little
Environmental Engineer II
