Re.: Use of contaminated dirt

Dear Mr. Matthews,

Martin County is considering the possible use of some contaminated dirt owned by Mr. Freddie Griffin for cover material at the Martin County C&D Landfill. I believe Mr. Maurice Robinson, Director of the Martin County C&D Landfill, spoke about this matter to you back in December, at which time he explained that we do not have a dirt borrow area for the landfill. All of our dirt has to be purchased, and it would help the County financially if it were acceptable for us to use Mr. Griffin's dirt.

We request the advice and concurrence of the Division of Waste Management on this matter. I assume that the Division of Waste Management may wish to obtain soil samples of Mr. Griffin's dirt and review the analytical data to determine if there is a possibility of using the soil at our landfill.

Thank you for your consideration and advisement on this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Bone".

David Bone
Martin County Manager
