Re: Permit to Operate Modification
Raleigh Transfer Station
Wake County, Permit No. 9227T-TRANSFER-2012, Document ID No. 19095

Dear Mr. Einsmann:

Please find the enclosed Permit to Operate for the Raleigh Transfer Station, Permit No.92-27T, which approves the changes in your permit modification request for the facility.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans. Please review the conditions of the permit thoroughly.

If you have questions about your permit, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov. The Environmental Senior Specialist for the facility is Shawn McKee. She can be reached at (919) 707-8284 or (919) 628-7343.

Sincerely,

Patricia M. Backus, P.E.
Environmental Engineer
