SUBJECT: Closure Certification
Terry K. Smith - Highway 150 Project
Iredell County
File: GS-707.02 (Fossil)

Mr. Hocutt:

In compliance with Section .1706 of the Requirements For Beneficial Use Of Coal Combustion By-Products, please find attached a certification of compliance. Placement of the final cover was within the requirements of the regulations, however, submittal of this certification was delayed awaiting completion by the owner of final seeding and other erosion control measures for the total site. There were no erosion problems identified during this period.

If you have any questions, please contact me at 704-875-5956.

Re: Certificate Of Compliance
Section .1700 Requirements For Beneficial Use
Of Coal Combustion By- Products

This document shall serve as notice that property owned by Terry and Crystal Smith located on Highway 150, east of I - 77, adjacent to Randy Marion Chevrolet, in Mooresville has been developed with coal ash provided by Duke Power Company from the Marshall Steam Station located in Terrell, N.C..

Whereas, this document is provided as evidence of compliance with all the requirements of Solid Waste Regulation Section .1700 and specifically to meet Section .1706 Closure of Structural Fill Facilities , part (d).
