

Scrap Tire Disposal Account Fund – County Grant Awards Cycle of Events

The scrap tire disposal account fund provides grants to counties to assist with the overage charge for the disposal of scrap tires. Scrap tire disposal account fund grants are awarded biannually by the North Carolina Department of Environmental Quality, Division of Waste Management – Solid Waste Section.

There are two grant cycles: the first is from April through September and the second is from October through March. Counties may submit a grant application only during grant application submittal periods. The grant application submittal period for the April through September grant cycle is from November 15th through December 15th and the grant application submittal period for the October through March grant cycle is from May 15th through June 15th.

Scrap tire tax proceeds are distributed by the North Carolina Department of Revenue about 45 days after the end of each fiscal quarter: February 15th, May 15th, August 15th, and November 15th.
