

FEEES FOR SOLID WASTE DISPOSAL

CLEVELAND COUNTY LANDFILL

1. Cleveland County residents will be assessed a "\$50.00 household" fee per year.
2. A \$19.00 per ton tipping fee will be assessed against licensed/permitted solid waste collectors who collect residential, industrial, commercial and institutional waste and also the municipalities that provide solid waste collection service to their residents. This same fee will apply to any business that hauls their own waste materials to the landfill. (Solid Waste Collectors ...hauling their own waste to the landfill, will be required to apply for an account, whereby the firm can be properly billed according to tonnage).
3. A \$9.50 per ton fee will be assessed for construction and demolition waste.
4. A \$5.00 per ton fee will be assessed for yard waste.
5. All solid waste mentioned above must be separated at delivery to the county landfill in order for it to be weighed and disposed of in accordance with the Solid Waste Management Rules. If solid waste is not separated, you will be charged according to the types of materials delivered (for example: if you haul household garbage and construction and demolition debris mixed, you will be charged \$19.00 per ton).
6. Unsecured or uncovered loads may be assessed an additional fee.

FLAT RATE FEES FOR CONDITIONAL WASTE

1. Standard pickup truck \$7.00 per load
2. Any vehicle larger than a standard pickup truck will be charged according to fee schedule per ton (indicated above).
3. Dead Livestock \$5.00 per animal
4. Domesticated Animals \$1.00 per animal
5. Asbestos \$19.00 per ton
6. Tires \$12.00 per ton
7. Weight certification \$2.00 per weigh
